#### House Points

This week, the winning house is Hawk. Well done to everyone in Hawk!

#### Attendance

The class with the highest attendance this week is **3R** with a fabulous **100%**. We have now had two consecutive weeks with whole school attendance above **98%**. Fabulous effort everyone and keep it up!

#### National Mental Health Week

Next week, it is National Mental Health Week. In school, the children will be exploring kindness to others and the importance of including others so that no one feels lonely or left out. This links to both our school value of 'kindness' and the theme for this year's National Mental Health Week which is loneliness. Please see below for three links about how parents and carers can discuss mental health with their children, and also self-care and wellbeing tips for parents.

### Support for Parents of Children with Additional Needs

The Barnet Autism Advisory Team would like to signpost parents to a number of workshops that they are running in conjunction with MENCAP for parents of children with additional needs. Please see the flyers attached to this newsletter for more information.

## YEAR 6 SATS WEEK

We could not be more proud of our Year 6 children this week who have continued to work so diligently and enthusiastically in the final week before their end of Key Stage 2 SATs assessment. Their drive and determination has been fantastic! Next week, the children will sit their SATs tests and it is therefore extremely important that all Year 6 children are in school on time every day. As part of SATs week, we will be putting on a special breakfast club for Year 6 children. Please see the post on the Year 6 Class Dojo pages. Have a lovely, relaxing weekend Year 6 after all your hard work this week.

## What have we been learning about in school?

### **Nursery**

This week, we continued with our 'sowing and growing' theme. We have been looking closely at sunflowers. The children also watched a short story *Camille and the Sunflowers* based on the works of the artist Vincent Van Gogh. Afterwards, they drew their own interpretations of a sunflower as well as looking at some more of Van Gogh's art. We have also labelled parts of a plants and looked at the life cycle of a sunflower and followed this by planting sunflower seeds. We are eager to see which one will grow the tallest!

#### Year 1

This week, we had a real treat as we took part in an animal workshop. We had the opportunity to find out more about the different animals, how to care for them and also had the opportunity to hold and stroke them. This week, we have also been

discussing our school value of 'kindness' and talked about different ways that we can show kindness to others. We read the story 'Be Kind' to help us think of good ideas!

# Year 2

This week, we have loved analysing fairy tales. We have have been researching what characters, settings, language and themes are commonly found in fairy tales and traditional tales and have been sharing stories with each other. This is all in preparation for writing our own fairy tales with a twist!

Year 3

This week, we've enjoyed working in the school garden with Sara. We learnt the names of different plants and helped to weed the beds, and did some planting too.

Year 5

This week, we started our new science topic 'Living Things'. We have been learning about how plants reproduce and have taken cuttings which will hopefully give us lots of plants to fill our classroom pots with.
